Espai Columba

It is a cultural facility which purpose is keeping and make known the mural paintings of the church of Santa Coloma and Andorra's Romanesque legacy.

The visit of the museum is complemented by the one of the churches, one of the oldest and most unique churches of Andorra where the mural paintings were before they were teared off in the 1930s.

At the temple the visitors can see a video mapping that allows to live an experience which transports you to the original inside of the church around the twelfth century.
